At the foot of the beautiful Val Rosandra nature reserve, just a few kilometers from Trieste, the Muggia seafront, and the Slovenian border, in the heart of the main square of the village of Bagnoli, we offer a small attic studio apartment in a 2014 building with six apartments. On the second and top floor, overlooking the lovely garden, the quiet and bright studio apartment is fully furnished and equipped with all appliances and conveniently divided into a living area and a sleeping area. The result of a complete renovation, each apartment is tastefully furnished and equipped with every comfort, including automated access, heat pump heating, double-glazed wooden windows for excellent thermal and acoustic insulation, air conditioning, oak floors in both private and common areas, and fully furnished and equipped with appliances. In the covered garage below the building, with internal access, the appurtenant parking space of approximately 12 square meters is for sale separately for 15,000 euros. Ideal for those who want to live just steps from the sea and in a natural mountain setting, with the cross-border cycle path just steps away, walking, climbing, and swimming in the delightful Rosandra River that gives the valley its name. It's also ideal for investors, whether they want to use the apartment for tourism or as a residential rental for local industry workers, or even for a group of friends looking to invest in a holiday home where they can enjoy moments of peace and relaxation.
